Jeremy Ross

As Practice Manager for RSA Corp managed IT services, Jeremy Ross oversees the development and growth of offerings, which include ENCOMPASS managed IT support, onsite consulting services, network monitoring and help desk. Jeremy is dedicated to delivering a service that produces high value while maintaining a cost-effective delivery model.

Jeremy originally joined the RSA Corp team in 2007 as a business development manager. Prior to his time at RSA Corp, Jeremy spent 10 years as an IT consultant servicing local government agencies and municipalities in both the greater Houston and Austin metropolitan areas.

During that time, he conducted security audits for various criminal justice networks, developed strategic IT plans for city government agencies and assisted clients with proactive planning and budgeting for technology needs. Having spent the better part of his career on the front line as a consultant, Jeremy understands the importance of leading with the client's best interest in mind.

Jeremy obtained a Bachelor of Business Administration from the University of Houston's Bauer College of Business and has since earned his MBA from the University of Phoenix. His interests include working with other professional service providers to build additional value for this clients and consistently improving the manner in which RSA Corp delivers its service.

Michelle Rodriguez

HSW is the leading buyer of commercial lease portfolios and a premier provider of private label servicing supporting the equipment leasing and finance industry. HSW is not a collection agency, nor do we compete with our clients by originating leases as our focus is solely on adding value to our client's needs. This is why the country's leading equipment leasing and finance companies turn to HSW in order to improve their liquidity. HSW has a successful track record of creating operating leverage, velocity, and economies of scale for many of the nation's largest financial institutions via the following three service offerings:

1. **Commercial Debt Buying Services:** HSW acquires single leases or entire lease portfolios with fast closes and no maximum funding caps.
2. **Private Label Servicing:** HSW has among the highest recovery rates in the industry. We offer turnkey private label servicing of commercial lease portfolios insuring the most streamlined and efficient lease administration in the industry.
3. **Direct Funding Sources for Vendors:** HSW provides immediate liquidity or an array of options to increase funding capability with certainty of execution.

Angela Sanchez

Angela Sánchez is a communications professional with over 12 years of experience in Marketing and Public Relations. A native Texan, born and raised in San Antonio, she studied at the University of Houston and has worked and consulted for various non-profit arts and advocacy organizations in both San Antonio and Houston. Active in the arts

community, both creatively and professionally, she is also a strong supporter of community and civic participation. As Director of Communications for TECHSOFT Computer Training Centers, she is delighted to be bridging her passion for communications to her technophile ways and creating opportunities for individuals and businesses to get ahead of the technology curve today and create a competitive edge for tomorrow.

TECHSOFT offers a complete range of technology and business skills training from basic desktop applications to complex business systems. They deliver training solutions to businesses and individuals looking to increase productivity and improve effectiveness. They offer very competitive pricing, state of the art facilities and flexible schedules to work around your busy agenda.

Their mission is to provide affordable technology training that delivers measurable business results.
